

ALLEGHENY COUNTY LEAD SAFE HOMES PROGRAM

FREE home repairs to keep families safe from lead paint.*

Why apply?

Lead is a common ingredient in household paint in homes built before 1978. NO level of lead is safe. It is toxic to humans, especially young children. Even low levels can cause IQ loss, behavioral problems, developmental delays, and other health issues.

What does the program do?

1. Tests homes for lead
2. Removes, replaces, or covers all areas in a home with damaged lead paint.
 - Repairing and repainting chipping and peeling lead-painted surfaces
 - Window and door repair or replacement
 - Covering lead paint on the outside
